graves of the victims of the Ley Fuga, tenths of thousands of them, sincerely into the unwritten history termination of tenths of thousands of from Veracruz in the seventies all way down to Juchitan, Papantla, cala, and you will become pensive. Read up upon the martyrdom of free thought, the thousands of upright citizens who manfully denounced the evils of the government and of its tools, who had to pay for their daring with their health, their freedom, their very lives, a steady tide of the best minds, the best blood of the people ebbing in the sterile sands of reaction and oblivion, and you will be appalled. And figure it all up, and then look at the abject misery of the great. and finally ask yourself the question: "Did not that reign of peace of Diaz actually cost more in human lives, liberty and happiness than all the revolutions of Central and South America taken together for the same period of time?"
