# Aid of Workers

The fight of the teachers in deconditions cannot be won by themsolver alone. The experience of ministries have not yet been closed through such as particular to circulate within the past period controlled the manufacture of the manu selves alone. The experience of the Chicago and Havana teachers, to take only recent events, proves this. The militant mass demonstrations of the Chicago teachers were successful in winning a measure of relief. But the attacks on the school system and on the teach-Cuba it required the action of the as ministers of state, and who are ist club despite all the assurances in the chemico-technological and the union as well as the open shops. It is can be accomplished with twenty-live snops already in the chemico-technological and the union as well as the open shops. It is the union as well as the open shops.

The Leftward moving socialist workers are confronted with the choice of a decadent Stalinist apparatus and—the Left Opposition, the inheritor of all that is revoluand Lenin. In many of the organizations which have hung between the Second International and Communism, the choice is even now being made. These include the British I. L. P., the German Socialist Workers' Party, the Revolutionary Socialist Party of Holland, the Norwegian Labor Party and groups of a similar trend. Among them the ideas of the Left Opposition, the impulsion towards a new banner, a new program and a new organization, are making irresistible advances. Tomorrow, the same choice will occupy the thoughts of thousands, tens of thousands and more socialist workers as they realize more acutely the truth of Luxemburg's judgment that the Second International is a stinking corpse.
