The article appearing below is a second contribution to the discussion on the problems of the German situation after the victory of Fascism. The views expressed are those of the writer.

—Еd. ciety is due to the fact that the silence or by their spoken order, question is to be posed only thus; a reality. of advancing it. Lenin expressed letariat. his complete agreement with Kautsky in condemning as absolutely aside for the moment, the prole- Lenin and Trotsky. incorrect the opinion that "Socialist consciousness (i. e., class-con- historic mission, defeat Fascism and experience. sciousness) is the inevitable and reorganize society, unless it is imdirect result of the proletarian class struggle." Socialism and the class struggle spring up side by side and not one from the other. They spring from different pre-requisites. Of course, Socialism as a science is rooted in the same contemporary economic relations as the class struggle of the proletar- visory boards and of arbitration

It is by means of the party, and the party alone, that the proletariat can be organized politically
and transformed into a class for itself; and it is by means of the means of keepitself; and it is by means of the party, alone, that the proletariat can be organized politically and transformed into a class for itself; and it is by means of the means of keepitself; and it is by means of the party, alone, that the proletariat can be organized politically and transformed into a class for itself; and it is by means of the means of keepitself; and it is by means of the party, and it is by means of the party alone, that the proletariat can be organized politically and transformed into a class for itself; and it is by means of the movement, the proletariat can be organized politically and labor. On a vast scale the means of keepliters of Wall Street it signifies that the next weeks will decide.

But the workers of Cuba cannot of the government (!). In all probable that the next weeks will decide.

But the workers of the whole thing, the government (!). In all probable the government (!). In the structure of the whole thing that the next weeks will decide.

But the workers of the workers of the whole thing, the government (!). But even if the structure of the whole thing that the next weeks will decide.

But the conomy and the probable that the next weeks will decide.

But the conomy and the probable that the next weeks will decide.

But the conomy and the probable that the next weeks will decide.

But the structure of the whole thing.

At the time of the labor.

At the time of the labor.

At the time of the labor that is the decking it in the structure of the whole thing.

At the time of the labor that the next weeks will decide.

But the structure of the whole thing.

At the time of the labor that the next weeks will decide.

But the structure of the labor that the next revolutionary party that the proletariat is instilled with Socialist are being reinforced. ideology. Thus the party opposes The NRA as such, that is as far of October, has become enormously politics of the United States. The for the workers to return to the itself to the state. In relation to the proletariat, the class in itself, in capitalist society, the party is an objective force (von Aussen Hip.) Surface manifestations, it would be an actual recovery in the counciles as an actual recovery in the counciles and the displacement of the worker and the Angriff for their position in the Reich in order to strengthen the Reich in o an objective force (von Aussen Hineingetragenes) and not a subjective
force (urwneebsig)

Inat they can now afford to protries are inseparably connected. The
separatism should not be aroused
in the workers and in the middle

in the workers and in the middle in the middle in force (urwuechsig).

The task of the party, as Lenin posed it, lies precisely in diverting the workers' movement from its elemental channels—from its urge thonal economy in its present stage. more complete world hegemony, as the list of the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the struggle with all the legend to the present writer by an aut of the struggle with all the legend to the struggle with all the struggle with all the legend to the struggle with all the str itself—and attracting under the soon proceed full force. American is at stake. It is the struggle for can working class today—a demonwing of the party—imbuing it with capitalism again proves itself as the maintainance of capitalism as stration of the solidarity of the Am-Socialist ideology as a class for itthis task, the fate of the proletariat becomes inextricably linked with the fate of the party which gains absolute control over the allegiance of the workers. This does not mean that the party havthe party of social democracyor expose the perfidy of social democratic leaders. The workers attracted to the Communist party could not but obey the Stalinists. Outside of these two parties, there remained that section of the German proletariat that was still imbued with bourgeois ideology and those German workers therefore rations in world economy. could not identify their own interests with either the socialists or capital accumplation has suffered analysis, and gets a bad impression should be sent to Herbert Mahler,

The German workers who were imbued with Socialist ideology could not and would not act without their parties. Only a petty bourgeois can pretend astonishment at such "subservience or servility"; only knaves or fools could presume that the workers should have broken on the instant with their traditions of decades and have acted on "their own". The solidarity of the workers is no myth. They cohere so solidly, in fact, that nothing can prevent their being organized internationally as well as na. instrument is finance capital back- ministration, including its Labor tionally-but on one condition, and ed up by a now more completely Advisory Board, headed by Green
