Roosevelt Drives to War

"The Declaration of Panama"

- Py JAMES, BURNHAM

(Continued from Page 1)

An inspiration for the Ameri- Empire nor to bring aid and succor to the "democracies", but line into the zone where belligerent acts are prohibited? And movement is the to gain decisive world dominance for United States finance- what about the many German ships now in American harbors? struggle that the progressives capital against all rivals. This is openly indicated by the Pana-

Washington has not let the grass grow under its feet. It has utilized the "distraction" of the very first stage of the war to "At the beginning of this year announce, through the Panama Declaration, that all of Latin ment began active preparations social, and, indirectly at least, political control of the two con-

> Who is going to enforce the declaration? Not Ecuador or Bolivia or Columbia or Nicaragua, naturally, but the United the American nations. In the old days, the United States might tray the American workers as States fleet and air forces. Already U. S. bombers are patrolling have indulged the hypocritical luxury of allowing this committee Samuel Gompers, his predecesthe Caribbean, along with the Atlantic squadron of the fleet. Re- to have its headquarters at Lima or Rio or even Panama, to sor, did during the first world serve destroyers are being re-conditioned by the scores to go on

Americas; and, by the terms of the declaration, no one else will be allowed to operate within its precinct.

Putting the declaration into effect will not be so simple as But it is of the greatest importance to understand that, though Sumner Welles perhaps imagined. The belligerent powers must the declaration, like so many other of Roosevelt's acts, is pri- first "accept" it; and, when they do in words (as they doubtless marily an intervention against Germany, it is also directed will), it must then be seen whether, under the pressure of their against Britain. We cannot repeat too often that the war aim of necessities as belligerents, they do so in fact. And what will hap-United States imperialism is not to bail out the declining British pen to warships which, when pursued by the enemy, cross the Will they be free to carry on coastal trade among American ports, guaranteed against molestation by the British?

Washington Holds Whip-Hand

Such difficulties, by the nature of the case, are unavoidable. They will be settled not by legalisms or logic but in subordination to the main direction of U. S. policy. The present declaration is designed to carry out, crudely and brutally, one essential America is its province. It proposes to monopolize economic, step in this policy: to establish unchallenged dominion over Latin America.

The conference in its concluding session set up an executive in the second world war, Presicommittee to continue the task of "coordinating" the efforts of dent William Green helped beshow, that everyone was "equal" in the new world. But you have war. to act fast in war-time. So the committee will be located where United States imperialism will be the policeman of the it belongs-in Washington. Then it won't be necessary to telephone or cable to give orders. The boss can call the boys into the office, and no time wasted.
