## Hands off Soviet Russia—

The imperialists of the world are continuing their infamous armed intervention in Soviet Russia. The counter-revolutionary Tsarist generals, backed up by allied troops, allied ammunition and allied money continue shedding the blood of the Russian workers and devastating the territory of the proletarian Republic. Moreover, the Allies are tightening the iron ring of blockade around Soviet Russia, thus dooming millions of women and children to unheard of misery, starvation and disease.

All this is being done because the workers and peasants of Russia have cast off the yoke of exploitation and oppression and have devoted themselves to the task of reconstructing their life on such foundations as will eliminate all oppression of the poor by the rich, all exploitation of the toilers by the capitalists. This is why the capitalist countries, where all the power is concentrated in the hands of the big commercial and financial interests, are waging this predatory war against Soviet Russia. Defending **their class** in Russia they are thereby protecting **their own interests**, for they know that the example set by the Russian workers will inevitably be followed by the workers of their own countries.
