--- "And if elected will introduce to the Government a minimum wage bill which will benefit the working man's position, seems the most popular ~~it~~ ~~is pointed out~~ that the wages of labourers in certain sections are as low as nine pence per day, was pointed out by one candidate when pinned on the subject, and that the law would only apply to sections where wages were abnormally low. When shown the disadvantages of such an act, the vague answer was given that it would be a lengthy bill and could not be gone into then. The platform of the
