

League against Imperialism.

3. He was to make public declarations against the Mexican government at the moment that the Party would consider opportune.

4. That the Party will conduct the negotiations with the World League for the realization of the tour and until the answer from Berlin was received Sandino would maintain a discrete and prudent attitude towards the Mexican government.

5. That a meeting was to be held of the representatives of the Party, the Continental Committee of Ladla and of “Mafuenic” with the assistance of some “Anti-Imperialist” intellectuals to liquidate all the pending questions of “Mafuenic”, to dissolve it and define the anti-imperialist concept of the struggle which was to serve as a base for the re-organization of the CC of Ladla.

The result of this first meeting with Sandino was communicated to the American Party with copies for the Latin-American Secretariat of the ECCI and for the South American Sec. in Buenos Aires in letter of Jan. 30th. In this letter we insisted on the need of obtaining as soon as possible decision of the League against Imperialism for the proposed tour. At the same time, we sent an official declaration of the Continental Com. of Ladla to be published in New York and Europe, denying the versions in relation to Sandino’s “sell out”.
